INDEPENDENT AUDITORS' REPORT

The Member of
CacheMatrix, LLC

We have audited the accompanying statement of financial condition of CacheMatrix, LLC as of December 31, 2007, and the related statements of operations, changes in member's equity and cash flows for the year ended December 31, 2007. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CacheMatrix, LLC as of December 31, 2007, and the results of its operations and its cash flows for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in the supplemental schedules listed in the accompanying index are presented for purposes of additional analysis and are not required for a fair presentation of the financial statements, but are supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

CACHEMATRIX, LLC

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Business

CacheMatrix, LLC (the "Company") was organized in Denver, Colorado on March 5, 2003, and was approved as a securities broker-dealer registered with the Securities and Exchange Commission and the Financial Industry Regulatory Authority on January 2, 2004. The Company commenced operations on January 6, 2004. As the Company does not hold customer securities or perform custodial functions relating to customer accounts, it is therefore exempt from the possession and control requirements of Rule 15c3-3 under 15c3-3(k)(2)(i).

Depreciation and Amortization

The Company provides for depreciation of furniture and equipment on the straight-line method based on the estimated useful lives of the assets ranging from five to seven years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Income Taxes

The Company is not considered a separate taxable entity for tax purposes. All income is reported on the sole member's tax return.

Revenue Recognition

The Company's main source of revenue is generated through an unrelated entity. The Company receives a fee for customers that it has referred to the unrelated entity at an annual rate ranging from 2.5 to 5 basis points of the value of the customer assets as of the last business day of each month. Revenue is recognized as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CACHEMATRIX, LLC

NOTES TO FINANCIAL STATEMENTS

(Continued)

NOTE 2 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2007, the Company had net capital and net capital requirements of \$89,005 and \$5,000 respectively. The Company's net capital ratio (aggregate indebtedness to net capital) was 0.19 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 3 - RELATED PARTY TRANSACTIONS

During the year ended December 31, 2007, the Company paid operating expenses on behalf of a related entity. As of December 31, 2007, the Company is owed \$58,301 for expenses paid.

NOTE 4 - LEASE COMMITMENTS

The Company leases office space under the terms of a non-cancelable operating lease expiring on July 31, 2011. At December 31, 2007, aggregate minimum future rental commitments under this lease with remaining terms in excess of one year are as follows:

	<u>Amount</u>
2008	96,398
2009	98,431
2010	99,617
2011	58,110
	<u>\$ 352,556</u>

Rent expense for the year ended December 31, 2007 amounted to \$108,708.

NOTE 5 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND CONTINGENCIES

The Company introduces client accounts to one financial institution. The Company does not take discretionary control over any account. The financial institution to which the Company introduces accounts pays the Company an asset based fee. In the event the financial institution fails to satisfy its obligations, the receivable from this financial institution may be subject to loss.

CACHEMATRIX, LLC

NOTES TO FINANCIAL STATEMENTS

(Continued)

NOTE 5 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND CONTINGENCIES (continued)

The Company generates all of its revenue from one unrelated financial institution. If this financial institution would cease business, it is uncertain if the Company could generate sufficient revenue to replace its current revenue.

The Company's financial instruments, including cash, receivables, prepaid expenses and accounts payable are carried at amounts which approximate fair value due to the short-term nature of those instruments.

Cash shown on the accompanying statement of financial condition is deposited in bank accounts that are in excess of the federally insured amount of \$100,000. At December 31, 2007, the Company had \$26,121 in excess of the federally insured amount.

**INDEPENDENT AUDITORS' REPORT ON
INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

The Member of
CacheMatrix, LLC

In planning and performing our audit of the financial statements and supplementary information of CacheMatrix, LLC for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by CacheMatrix, LLC that we considered relevant to the objectives stated in Rule 17a-5(g), (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or complying with the requirements for prompt payment for securities under section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. This report recognizes that it is not practicable in an organization the size of CacheMatrix, LLC to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

In addition, our review indicated that CacheMatrix, LLC was in compliance with the conditions of exemption from Rule 15c3-3 pursuant to paragraph k(2)(i) as of December 31, 2007, and no facts came to our attention to indicate that such conditions had not been complied with during the year.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
